MEMORANDUM TO THE MINISTER

As you know the Upper Canada Village and the Chrysler Memorial Park are to be opened to the public early next year. Our monument to the Battle of Chrysler Park had to be transferred from its former site due to the St. Lawrence Seaway flooding and space has been provided for it at the Memorial Park.

Prior to the last meeting of the Historic Sites and Monuments Board, attention was drawn to the fact that our tablet showed the spelling CHRYSLER where the correct spelling is CHRYSLER. Consequently, the Board recommended that the tablet be recast to reflect the correct spelling.

So as to have the correct tablet in place prior to the official opening, referred to above, your early approval of the Board's recommendation is requested.

APPROVED
